Laser for Prostate & Kidney Stones

## About the Doctor

Dr Das is an accomplished well-renowned urologist and andrologist who deals with diseases of the male and female urinary tract, men's sexual health and fertility issues, children's urinary problems, and cancers of the kidney and urinary tract. Trained from several apex centres worldwide, he has worked in four continents and multicultural environments. He pioneered urological services in several hospitals. His key area of interest is minimally invasive surgeries (Laser, laparoscopy, and robotic surgeries). He is an academician and adept with the latest urological treatments.

## Philosophy

I believe the best care for urological patients can be delivered now and into the future by upholding the three pillars of surgery- clinical care, education, and research- and all three are best performed by the practicing urological surgeon.

## Services

We provide the entire range of adult urology, andrology, male infertility, children urology, and urological cancer services. Our services focus on using modern treatment methods and relying on minimally invasive approaches (endoscopy and laparoscopy) and lasers.

## Training

Trained in several apex centers in India, the UK, Australia, Europe, and the USA.

## Fellowships

Fellow, The Royal College of Surgeons, UK  
Fellow, Uro-oncology, Endourology and Robotic Surgery, Australia  
Fellow, Urology, Australia  
Fellow, Sexual Medicine, European Board  
Fellow, American College Of Surgeons, USA  
Fellow, International College Of Surgeons, USA  
Fellow, College Of Physicians and Surgeons, India

## Qualifications

MBBS, FRCS (UK), MRCS (UK), FACS (USA), FICS (USA), FECSM (Europe), DLS (France)  
MCH, MS, DNB, FCPS, MNAMS, Fellow Urooncology, Endourology,  
Robotic Surgery (Australia)
